BOOK SYNOPSIS

SOCIAL PSYCHOLOGY AND HUMAN NATURE, 4th Edition, offers a remarkably fresh and compelling exploration of the fascinating field of social psychology. Respected researchers, teachers, and authors Roy Baumeister and Brad Bushman give students integrated and accessible insight into the ways that nature, the social environment, and culture interact to influence social behavior. While giving essential insight to the power of situations, the texts contemporary approach also emphasizes the role of human nature -- viewing people as highly complex, exquisitely designed, and variously inclined cultural animals who respond to myriad situations. With strong visual appeal, an engaging writing style, and the best of classic and current research, SOCIAL PSYCHOLOGY AND HUMAN NATURE helps students make sense of the sometimes baffling -- but always interesting -- diversity of human behavior.
