## BOOK SYNOPSIS

A lively and important argument from an award-winning journalist proving that the key to reversing North America's health crisis lies in the overlooked link between nutrition and flavor. In *The Dorito Effect*, Mark Schatzker shows us how our approach to the nation's number one public health crisis has gotten it wrong. The epidemics of obesity, heart disease, and diabetes are not tied to the overabundance of fat or carbs or any other specific nutrient. Instead, we have been led astray by the growing divide between flavor—the tastes we crave—and the underlying nutrition. Since the late 1940s, we have been slowly leeching flavor out of the food we grow. Those perfectly round, red tomatoes that grace our supermarket aisles today are mostly water, and the big breasted chickens on our dinner plates grow three times faster than they used to, leaving them dry and tasteless. Simultaneously, we have taken great leaps forward in technology, allowing us to produce in the lab the very flavors that are being lost on the farm. Thanks to this largely invisible epidemic, seemingly healthy food is becoming more like junk food: highly craveable but nutritionally empty. We have unknowingly interfered with an ancient chemical language—flavor—that evolved to guide our nutrition, not destroy it. With in-depth historical and scientific research, *The Dorito Effect* casts the food crisis in a fascinating new light, weaving an enthralling tale of how we got to this point and where we are headed. We've been telling ourselves that our addiction to flavor is the problem, but it is actually the solution. We are on the cusp of a new revolution in agriculture that will allow us to eat healthier and live longer by enjoying flavor the way nature intended.

### **THE DORITO EFFECT THE SURPRISING NEW TRUTH ABOUT FOOD AND FLAVOR**

- Are you looking for Ebook *The Dorito Effect The Surprising New Truth About Food And Flavor*? You will be glad to know that right now *The Dorito Effect The Surprising New Truth About Food And Flavor* is available on our online library. With our online resources, you can find *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. *The Dorito Effect The Surprising New Truth About Food And Flavor* may not make exciting reading, but *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with *The Dorito Effect The Surprising New Truth About Food And Flavor* and many other ebooks. We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with *The Dorito Effect The Surprising New Truth About Food And Flavor*. To get started finding *The Dorito Effect The Surprising New Truth About Food And Flavor*, you are right to find our website which has a comprehensive collection of manuals listed.
