BOOK SYNOPSIS

Introducing a remarkable new self-study guide for the law school admission test... The LSAT Trainer. Your LSAT score is the most important part of the law school admissions process. It is far more important than your essays, your recommendations, your GPA, where you went to college, or where you come from. A top LSAT score can open doors for you that would be virtually impossible to open otherwise. Most people are capable of drastically improving their scores with the right preparation. Most people score about the same on the actual exam as they do on their first diagnostic. The LSAT Trainer is the most advanced and effective LSAT learning system ever developed. No other book has ever explained the LSAT with as much depth and clarity, or presented strategies that are as simple, intuitive, and effective. But that's not what makes The LSAT Trainer truly special... Other books are designed to help you understand The LSAT. And that's what we expect our academic books to do. But the LSAT is not a test of what you know. Arguably, a super-smart eighth grader with no advanced training but great reading skills and common sense can get a perfect score on the exam. The LSAT is a test of how you think. The LSAT Trainer is a workbook--it is specifically designed to help you get better and better at thinking through and solving LSAT questions. Lessons and strategies are carefully combined with pinpointed drills and hundreds of real LSAT problems to help you transform what you read about into what you can do. Other books can help you understand the LSAT. The LSAT Trainer will help you get better at it.
